1.1. Application

This List of Service Charges comprises the services offered by Budapest Airport Zrt. to be provided to any parties requesting them and their charges, excluding

- the services and charges falling under the scope of the Tariff Manual of Budapest Airport Zrt. and
 - the lease of properties managed by Budapest Airport Zrt. (including parking spaces).
- a) According to the applicable documents, any contractual relationship on services to be provided by Budapest Airport Zrt. shall be established basically via **individual contracts** to be concluded and signed by both parties which shall define all the terms and conditions, moreover the charge for the performance of the service.
- b) Budapest Airport Zrt. also publishes and applies well-detailed '**General Contractual Conditions**' for certain services. In this case no individual contract will be signed and the contractual relationship shall be based on the order sent by the customer (by completing, duly signing and sending to Budapest Airport Zrt. the request form attached to the special "General Contractual Conditions") and the confirmation of the order issued by Budapest Airport Zrt., and the terms and conditions defined in the 'General Contractual Conditions' shall be applied for it.
- c) Finally, if no individual contract or specific 'General Contractual Conditions' for a certain service exists, the contractual relationship shall be based on the **order** sent by the customer **and** the **confirmation** of the order issued by Budapest Airport Zrt. based on these General Conditions (Section 1 of this document). For the sake of clarity, any individual contract to be concluded later on concerning the services determined in this List of Service Charges shall supersede these General Conditions and shall be applicable regarding the terms and conditions, moreover the charge of the service. However, the conditions and charges defined by this List of Service Charges shall be applicable to any conditions and charges not regulated in these individual contracts.

The conditions below apply to all of the special services and related future business relationships in the sense of this List of Service Charges. Any deviating, contrary or additional terms and conditions will not become part of the contract, even if Budapest Airport Zrt. is aware of them, unless their application is expressly consented to in writing.

The General Conditions under this section shall be applicable if Budapest Airport Zrt. enabled the customer to familiarize itself with its contents. The customer acknowledges that it is aware of the contents of the General Conditions and accepts them by completing, duly signing and sending to Budapest Airport Zrt. the request form for the use of the given service (hereinafter: Service Request Form) attached hereto. Without the explicit objection to the application of the General Conditions, the submission of the completed Service Request Form to Budapest Airport Zrt. via mail, fax or email shall constitute acceptance thereof.

If the parties have agreed upon the application of the General Conditions as specified above, thereafter its application may only be excluded by mutual agreement.

The provisions of the General Conditions shall be applicable within the framework of and with consideration for prevailing cogent (mandatory) legal provisions.

1.2. Entry into Contract

The List of Service Charges is subject to change without notice and is not binding. Neither the publication of this List of Service Charges, nor the Service Request Form completed and sent to Budapest Airport Zrt. in themselves create an obligation for Budapest Airport Zrt. to provide the requested service. An entry into contract takes place and the obligation is created if Budapest Airport Zrt., upon the express service request by the customer (i.e. sending the completed Service Request Form), accepts and confirms the order in writing. If no confirmation is received from Budapest Airport Zrt. in response to the completed and submitted Service Request Form within a reasonable deadline (but in no event longer than 5 business days), this shall mean the refusal of the request. A legal claim for the carrying out of the services only exists in the case of written

confirmation by Budapest Airport Zrt.. The customer is bound by its express service request unless the latter is revoked in writing in a timely manner before the confirmation of the order by Budapest Airport Zrt.

Any contractual relationship to be established upon these General Conditions shall not affect legal relationships created prior to their entry into force.

The term of the contract concluded by means of the application of this General Conditions shall last from the day of the receipt of the confirmation sent by Budapest Airport Zrt. until the full performance of the obligations of both parties in line with the contract.

1.3. Services / Prices

The service and the prices are shown in this List of Service Charges. The prices shown in HUF and EUR, are net, that are payable increased with statutory value added tax (VAT) if applicable. For services to be charged for according to hours worked, the smallest billing unit is the half hour, the calculation is made for every ½ hour commenced. The services provided may contain mediated services.

1.4. Invoicing

The remuneration sums to be paid by the customer, shall be paid in advance or shall fall due for payment within 15 (fifteen) days calculated from the issue date of the invoice depending on the service provided. If the customer does not make a declaration concerning the acceptance of electronic invoices prior to using the service Budapest Airport Zrt. issues electronic invoice. Issuing paper-based hard copy invoice is available upon request against paper invoice fee. Payment shall be made by bank transfer to Budapest Airport Zrt.'s bank account indicated on the invoice. The date of the sum being credited to Budapest Airport Zrt.'s account shall be considered as the date of financial performance. All bank charges shall be borne by the customer.

In case the customer accepts the issuance of electronic invoices, it consents simultaneously that Budapest Airport Zrt. shall send the balance and reminder letters related to the customer's payment obligations arising from the contractual relationship established upon these General Conditions in electronic form (e-mail) to the customer, to the e-mail address provided by the customer for sending the electronic invoice or indicated in the customer's current certificate of incorporation for contacts. A balance or reminder letter mentioned herein shall be deemed delivered when the electronic letter (e-mail) containing it is indicated as sent by Budapest Airport Zrt.'s e-mail system.

In case the customer defaults in performing the obligation to pay any sum actually due on, a penalty interest specified according to the Act V of 2013 on the Hungarian Civil Code shall be paid to Budapest Airport Zrt. from the date of falling into the default until the date of actual performance.

1.5. Complaints

Complaints against the invoice issued may be submitted exclusively in writing (letter, fax, e-mail: invoice.helpdesk@bud.hu; addresses are indicated on the invoices), exclusively within 30 (thirty) calendar days calculated from the issuance date of the invoice. The date for submitting the complaint shall be considered the day when the complaint is received by Budapest Airport Zrt.. The complaint shall be addressed to the Financial Department of Budapest Airport Zrt..

The complaint shall be detailed and all relevant evidence shall be enclosed. If the contracted partner fails to enclose any evidence the complaint may be rejected by Budapest Airport Zrt. without further investigation. Should the complaint be accepted, the appropriate correction shall be acknowledged by Budapest Airport Zrt. by correcting invoice(s). Submitting a complaint shall not exempt the customer from paying the invoiced fees by the payment deadline, or, in case of delay in payment, from the obligation to pay the default interest due.

Should the customer default on the payment of the outstanding sum by more than 15 (fifteen) days, Budapest Airport Zrt. shall be entitled to suspend the fulfilment of subsequent orders, which shall not qualify as a breach of contract by Budapest Airport Zrt..

1.6. Miscellaneous

This List of Service Charges shall exclusively be governed by Hungarian law. The Parties assume an obligation to attempt to settle any disputes arising in connection with this List of Service Charges and the contract concluded based on it or its performance out of court, through negotiations. Should amicable settlement prove impossible, the parties shall turn to the court having jurisdiction and competence pursuant to act CXXX of 2016 on the code of civil proceedings to decide any dispute arising from or relating to this List of Service Charges and the contract concluded based on it or in connection with its breach, cessation, validity or interpretation.

This List of Service Charges was compiled in Hungarian and English language, and it is published by Budapest Airport Zrt. on its website (www.bud.hu). In the event of any discrepancy between the two versions, the Hungarian version shall prevail and serve as the basis for interpretation.

Budapest Airport Zrt. shall be entitled to unilaterally amend the List of Service Charges at any time. Any amendment of the List of Service Charges shall enter into force as of the 8th day following the publication of the amended List of Service Charges, and shall not affect legal relationships created prior to its entry into force.
